WHAT IS ENTREPRENEURSHIP?

DEFINITION:

Entrepreneurship is the process of identifying opportunities, taking calculated risks, and innovating to create value and drive change.

Key Elements:

- **Innovation:** Developing new ideas, products, or services.
- **Risk-taking:** Navigating uncertainty to achieve goals.
- **Value Creation:** Delivering solutions that meet market needs.

COMPUTER STUDIES DEPARTMENT

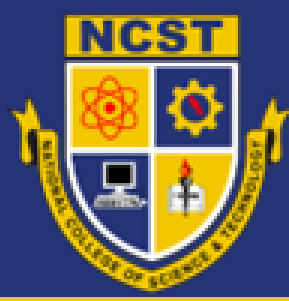

Significance

- **Drives economic growth:**
Example: Steve Jobs and the creation of Apple revolutionized technology.
- **Promotes innovation:**
Example: Elon Musk's ventures in sustainable energy and space exploration.

- **Creates jobs:**
Example: Small businesses employing local communities.
- **Solves societal challenges:**
Example: Social enterprises addressing global issues like access to clean water.

Characteristics of an Entrepreneurial Mindset

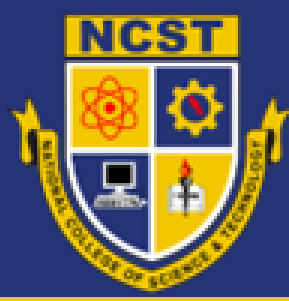

Core Traits:

- **Creativity and innovation:** Example: Sara Blakely turning the idea of Spanx into a billion-dollar company.
- **Resilience and adaptability:** Example: Entrepreneurs recovering and pivoting after failures, such as Walt Disney after his early business setbacks.
- **Vision and goal orientation:** Entrepreneurs who create detailed plans to achieve long-term objectives.

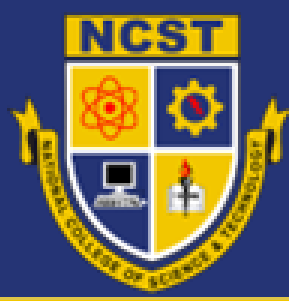

Importance of Growth Mindset:

- **Learning from failures:**
"Fail fast, learn faster."
- **Continuous improvement:**
Iterating on ideas and products.
- **Embracing challenges:**
Turning obstacles into opportunities.

Types of Entrepreneurs

Understanding Different Entrepreneurial Paths

- Small Business Entrepreneurs
- Scalable Startups
- Social Entrepreneurs:
- Intrapreneurs:
- Others:

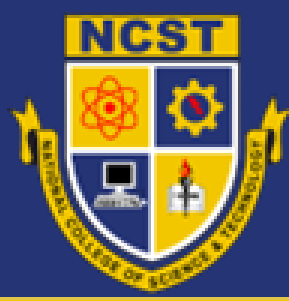

Small Business Entrepreneurs:

- Operate local businesses.
- Focus on serving a community's needs.
- Example: A neighborhood bakery or a family-run restaurant.

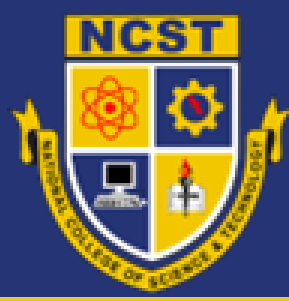

Scalable Startups:

- Aim for rapid growth and global impact.
- Often tech-focused.
- Example: Airbnb revolutionizing the travel industry.

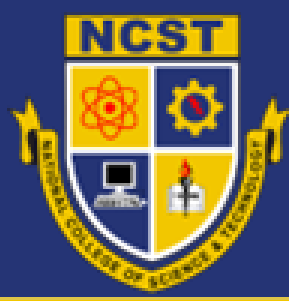

Social Entrepreneurs:

- Address social or environmental issues.
- Focus on impact over profit.
- Example: Patagonia prioritizing sustainability in the fashion industry.

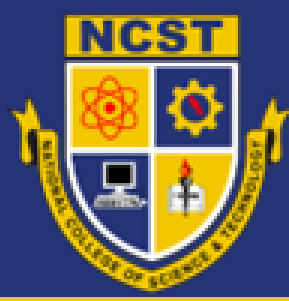

Intrapreneurs:

- Innovate within existing organizations.
- Drive internal growth and transformation.
- Example: Employees at Google working on groundbreaking projects like Gmail.

Others

Freelancer, lifestyle entrepreneur, etc.

- Example: Freelancers leveraging platforms like Upwork to build flexible careers.
